

BRAKE CLEANER

Spanjaard Brake Cleaner is a heavy duty cleaner for drum disc brakes, brake cables, rotors and disc pad/drum lining surfaces. Effectively removes brake dust, dirt, grease and brake fluid deposits. Reduces disc brake squeal. Fast drying with no residue.

APPLICATIONS

- Removes brake pad phenolic resins, dust and other degradation products.
- Reduces disc brake squeal. If the squeal is from a 'chatter' of the brake pad backing plate on the calliper, a smear of Spanjaard Copper Compound on the backing plate can solve this.
- Reduces rate of wear on parts by removing contaminants from friction areas.
- No disassembly of brake system required.

DIRECTIONS FOR USE

1. Remove wheel to expose brake system.
2. Make sure brake system surfaces are at ambient temperature.
3. Spray surfaces liberally.
4. Collect dirt in a tray.
5. Allow to dry.

PROPERTIES

Colour:	Clear & colourless liquid.
Features:	<ul style="list-style-type: none"> • Thorough penetrant, dissolver and degreaser. • Versatile cleaner for countless applications. Check compatibility with rubber or plastic in non-brake applications before use. Do not spray onto painted surfaces, rinse off immediately with water. • No chlorinated solvents.

PACKAGING

- 500 ml aerosol
- 840 ml aerosol

Revision: 150622
