

CHAIN & LINKAGE SPRAY

Spanjaard Chain & Linkage Spray is a penetrating lubricant for chains, linkages and cables. Penetrates deep into linkages and remains adhered to surfaces in inaccessible places to give long-lasting protection under demanding conditions.

APPLICATIONS

- Industrial: Chains, roller doors, gate runners and gears, wire ropes, winches, pulley blocks, slides, conveyors, rails and rollers.
- Transport vehicles: Chains, winch wire ropes, wheel jacks, cables, seat runners, springs, hinges and catches.
- Domestic: Electric garage door, gate chains, gears and slides, motorcycle and bicycle chains, wheel barrow and lawnmower wheels.

DIRECTIONS FOR USE

For best results, ensure parts to be lubricated are clean and free from grease, oil, rust and dust. Shake before use. Spray parts from a distance of ± 20 cm. Extension nozzle provided allows for pin-point application into inaccessible places. Wipe off excess with a cloth. Allow parts to stand for 5 to 10 minutes before use.

PROPERTIES

Colour:	Translucent light red.
Features:	<ul style="list-style-type: none"> • Contains low friction soluble molybdenum in a special lubricating base. • Minimal fling off. • Highly water-resistant. • Non-staining. • 360° valve technology allows spraying at all angles, including upside down.

PACKAGING

- 200ml aerosol
- 400ml aerosol

Revision: 180722
