

## DPF (DIESEL PARTICULATE FILTER) CLEANER

Spanjaard DPF (Diesel Particulate Filter) Cleaner stimulates regeneration of diesel particulate filters. Significantly lowers burn-off temperatures of soot. Regenerates the DPF where required regeneration temperatures are not reached (city driving).

### APPLICATIONS

- Reduces soot build-up on sensors and particulate filters.
- Cleans while you drive.
- No dismantling required.
- Reduces emissions by enabling optimal DPF performance.
- Suitable for use with all types of diesel fuels and engines.

### DIRECTIONS FOR USE

1. Add entire contents to the fuel tank before filling up with fuel.
2. For optimum results repeat with every fuel tank of diesel or as required.
3. One bottle treats a maximum of 75 litres of diesel.

### PROPERTIES

<b>Colour:</b>	Clear amber liquid
----------------	--------------------

### PACKAGING

375 ml bottle

Revision: 241123

For safety and storage information, please refer to the safety data sheet (SDS).
