

## Lubricating Switch Cleaner

**Spanjaard Lubricating Switch Cleaner** is a highly effective multi-purpose cleaning and lubricating agent for switchgear, relays and all types of electro-mechanical equipment

### DIRECTIONS FOR USE

1. Isolate electrical equipment so that it is **NOT** "live" prior to use.
2. Spray mechanisms or contact areas to be cleaned and lubricated from a distance of 20cm.
3. The spray flushes away contaminants leaving behind a protective lubricating film.

### PROPERTIES

Appearance:	Colour: Beige
Features:	<ul style="list-style-type: none"> <li>• Density : 0,67gm/l</li> <li>• Dissolves and flushes away dirt, grease and other contaminants.</li> <li>• Penetrates and softens oxide layers which can then be flushed away or removed by the mechanical action of the mechanism.</li> <li>• Is flammable and will attack only a very limited number of sensitive plastics, rubbers and paints.</li> <li>• Evaporates quickly to leave behind it the lubricating film.</li> </ul>
